

Carousel3

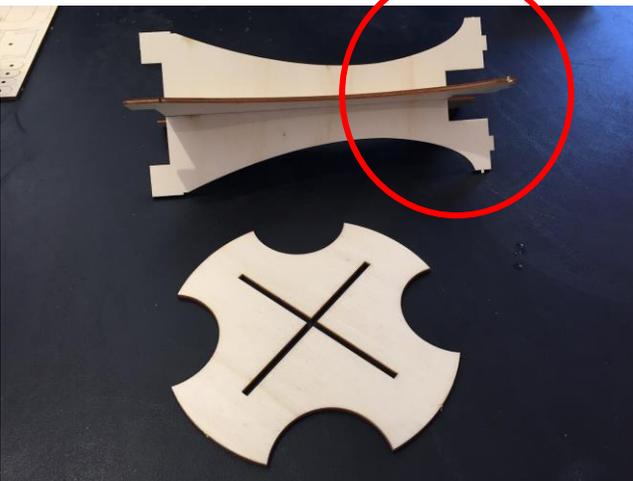

Finish all the parts from previous lessons.

Pop out and file down the parts shown in the picture.

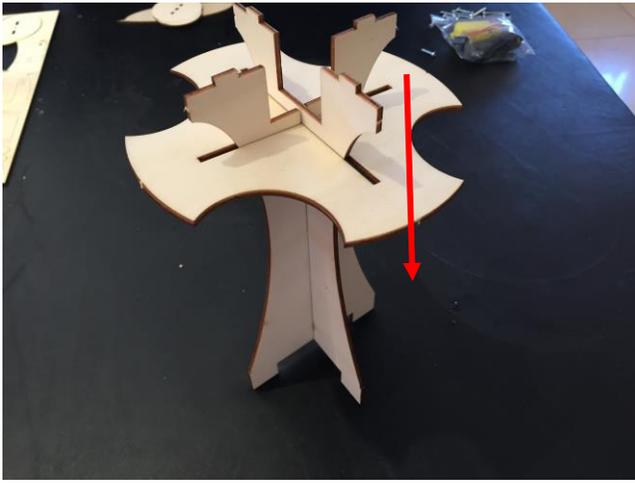

Apply glue in the cracks and slide the parts together.

Pop out and file down the part shown in the picture.

Please notice that one side of the tower is smaller (red circle)

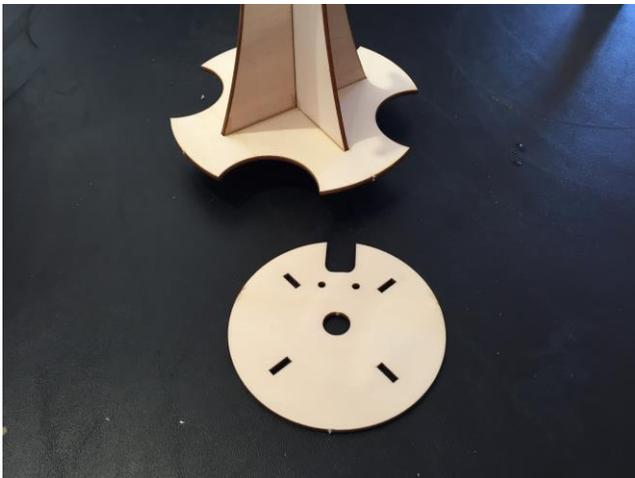

DO NOT APPLY GLUE!!!

Slide the round part down from the small side of the tower.

Once you slide the part all the way down to the bottom of the tower, apply glue.

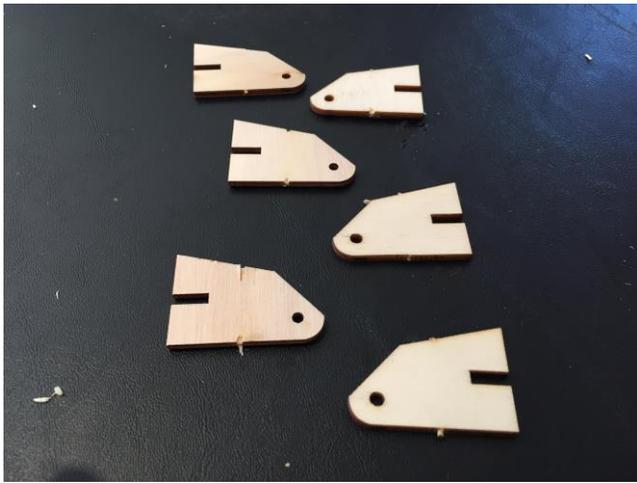

CHECK ALL THE MODELS!!!

If all the kids assembled the models correctly you may continue.

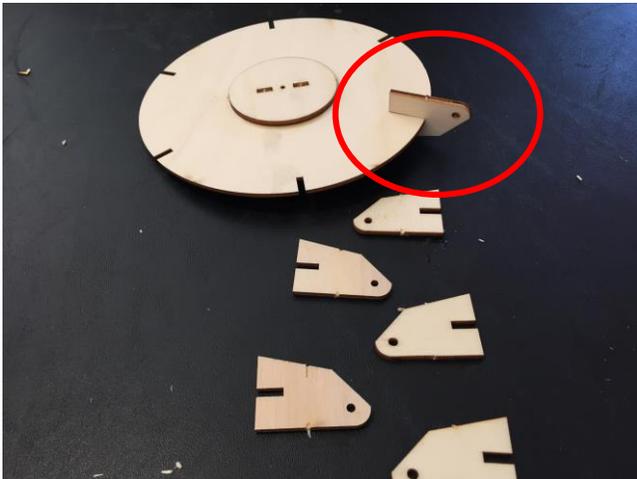

Pop and file the part shown in the picture.

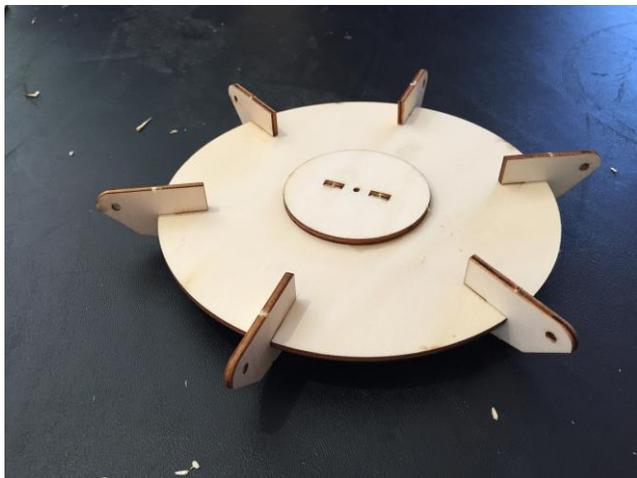

Glue the part on the top of the tower (small side)

Pop out and file down the parts shown in the picture.

Glue the parts when the straight side is on top.

Once the first one is checked by the instructors, the students may glue all the remaining parts.

Once done, CHECK AGAIN!

If you have time start working on the characters, if not, pack up the materials and clean the classroom.
